Nearby Stokesley Golf Range is open to the public and includes a 9 hole golf course, driving range, foot golf, Jurassic Island Adventure course, shop and cafe.

Mill Wheel and Union Mill

The Mill Wheel, near Stokesley Bridge, at the east end of town is a survivor of Fidler's Mill which once occupied land on which is now the Co-op supermarket. The Union Mill building on Levenside was a former flax mill and is now owned by Millbry Hill.

River Leven

The River Leven flows through Stokesley along Levenside and the back of the properties forming the South side of the High Street. The Leven, a tributary of the Tees, has its source above Kildale in the North York Moors National Park. The river flows through Great Ayton before gently running through Stokesley and offers a lovely walk, with several bridges crossing the water along the way. The Pack Horse Bridge is part of an old packhorse route from Durham to York via Helmsley. The date of the original bridge is unknown but 1632 records shown that it needed repair for the Rector to visit his parishioners.

Parish Church

The Parish Church of St.Peter & St.Paul is the oldest building in Stokesley with a late medieval tower and chancel with a Georgian nave built around 1777. The church has some elegant 20th century stained glass windows and furniture carved by the Mouseman of Kilburn. John Wesley preached in Stokesley no fewer than 12 times and the current Methodist Church on the High Street was built in 1886 on the site of the former Black Swan Inn. St. Joseph's Catholic Church on Tanton Road was built in 1873 and designed by the celebrated architect George Goldie.

Walking and Local Attractions

The countryside around Stokesley is a walker's paradise. Wainwright's classic coast to coast walk passes through Ingleby Cross and over the Cleveland Hills to Claybank where it intercepts the Cleveland Way National Trail, which passes through nearby Osmotherley, Clay Bank and Kildale. For shorter walks, try a family and dog-friendly circular walk to the village of Great Ayton just three miles from Stokesley.

A little further on is the iconic Roseberry Topping, our offering high quality goods and a friendly service including butchers, bakers and greengrocer shops Explore Three Tuns Wynd just off the High Street and also the shops on Bridge Road, towards West Green and on College Square and East End.
